5.1.1. THE ORGANIZING BODY ENSURES THE TV PRODUCTION OF ALL COMPETITION GAMES

Under this option, the organising body must submit a written proposal for WSE-RH approval, with the following information:

- The entity that will be responsible - *in accordance with the standards specified by WSE-RH* - for ensuring the television production of all roller hockey games in the competition in question
- The television channel that will be responsible for ensuring the television broadcasts, which will be limited to the country where the event will take place.

In addition, the organiser will have to ensure that a document from the entity responsible for the television production of the event is sent to the WSE-RH, where it formally makes the following commitments:

- Ensure transmission by "ESRB. TV" signal ***"web streaming",*** ensuring the live transmission (open and *free)* of each game of hockey on skates of the same event.
- Ensure the transmission of the "satellite signal" that is necessary for the transmission of any competition game in question by countries – *in addition to the host country* – depending on the specific requests that are foreseen and formally authorized by the WSE-RH.

5.1.2. THE ORGANISER PAYS WSE-RH A FINANCIAL CONTRIBUTION TO THE TV PRODUCTION OF THE GAMES

Under this alternative, WSE-RH will take over the television production of all the games in the competition, and the organiser is obliged to guarantee a financial contribution – *in return for obtaining the television rights for the country where the event will take place* – by paying the WSE-RH of:

- € 15,000 in the case of the Euroleague Final 4
- € 15,000 in the case of the Continental Cup Final 4
- € 15,000 in the case of the WS Europe Cup Final 4

- € 7,500 in the case of the Women's League Cup Final 4

5.2. Regardless of the choice of any of the options referred to in paragraphs 5.1.1 and 5.1.2 above, the event organiser will not pay the WSE-RH any additional fee and may sell – *for one or more TV channels* – the television broadcast rights that are limited to the country in which the competition takes place.

Agostinho Silva

Subject : EUROLEAGUE 2020 / 2021 - "SHARE" PER FEDERATION FOR THE REGISTRATION OF ITS AFFILIATED CLUBS

Dear Gentlemen:

The 2019 / 2020 season, when it did not end due to the COVID-19 pandemic, forced to deliberate that the values for determining share for the 2020 / 2021 season, are the values that at the beginning of last season (2019 / 2020) were calculated.

1. EUROLEAGUE SEASON 2020 / 2021 - CLUB REGISTRATION

1.1. The EUROLEAGUE is a European competition of senior men's clubs and only clubs that are affiliated with the Federations of England, France, Germany, Italy, Portugal, Spain and Switzerland, which are the only ones that, at European level, have an effective capacity for the annual organization of the National Championships of their country.

1.2. In this competition participate 16 clubs, which compete in a competition

1.3. European Federations are not allowed to ensure the registration in EUROLEAGUE of any club that:

1.3.1. Keep outstanding debts to WS Europe, a situation that will always have to be properly controlled.

1.3.2. Have not participated – *during the season immediately preceding the EUROLEAGUE in question* – in the National Championship of the highest level of the Federation of your own country.

1.3.3. You cannot compete – *because you have been relegated to a lower level* – the National Championship of the highest level of the Federation of your country at the time of the EUROLEAGUE in question

1.3.4. **30 June, 2020** is the deadline for each National Federation – *depending on the registration share allocated to it* – to ensure to the WSE-RH the **PRIOR** indication of the clubs of its affiliates who will participate in the EUROLEAGUE of the 2020/ 2021 season.

1.3.5. **31 July , 2020** is the deadline for each National Federation – *depending on the registration share allocated to it* – to ensure to the WSE-RH the **DEFINITIVE** indication of the clubs of its affiliates who will participate in the EUROLEAGUE of the 2020 / 2021 season.

2. DEFINITION OF "REGISTRATION SHARE" BY EACH EUROPEAN FEDERATION

2.1. For each sporting season, the "definition" of the "registration share" of the European Federations is always based on the updated ranking of the European Men's Senior competitions – *Continental Cup, EUROLEAGUE and WS Europe Cup* – a ranking that is annually established and officially published by the WSE-RH. Like this and as initial introduction of this communiqué, the values of the "registration share", are those referring to the beginning of the 2019 / 2020 season.

2.2. On the other hand, and for the EUROLEAGUE, each European Federation will have to ensure:

2.2.1. As a minimum, **one (1) registration,** which must be awarded *(mandatorily)* to the national champion in title.

2.2.2. As a maximum, **four (4) entries**, in which – in addition to the national champion in title – *will also have to integrate the EUROLEAGUE Champion in title (if that is the case and whenever it does not coincide with the national champion in title).*

2.3. Consequently – *and based on the ranking of the 2019 / 2020 season, released by the official Communiqué FG-014/2019* – we then present the "framework" of reference of the "registration share" of each of the European Federations in relation to the EUROLEAGUE to be played in the 2020 / 2021 season.

3. REPLACEMENT OF "REGISTRATION SHARE" WHICH HAD BEEN AWARDED TO A EUROPEAN FEDERATION

In view of several situations that have occurred in previous times and in particular the pandemic of the coronavirus COVID-19, it may happen that a European Federation takes the decision – *in relation to a "registration share" that has been granted to it* - to give up to ensure the registration in the EUROLEAGUE of any of the clubs its affiliate.
Consequently, its replacement may be ensured by the registration of a club affiliated with another European Federation, which will have to be ensured in accordance with the "order of priorities" set out in the following table:

EUROLEAGUE 2018/2019	
PRIORITY ORDER FOR SUBSTITUTION OF THE ALLOCATED "SHARES"	
Federation of ITALY	1 club
Federation of SWITZERLAND	1 club
Federation of FRANCE	1 club
Federation of GERMANY	1 club
